My Erasmus experience in Dusseldorf was amazing. Our dormitory was located in a very beautiful place near th botanical garden and HHU University. 1took two Master's degree courses: Biomedicine of Inner Organs and Molecular Biotechnology. Both courses were very interesting, but also time-consuming. Usually, we spent about 7-8 hours every day at the University, on the other hand, most of the time it was laboratory work. Often we were getting back from the faculty very tired, but afterall it was worth it, we learned a lot during these courses. Our tutors were also very interactive and willing to help you in any situation. They were also very funny and jokiing a lot, so the atmosphere was always very pleasant. Although we were spending a lot of time at the University, we still had also some homework to do. At the course < f Biomedicine of Inner Organs we had write reports from laboratory work (almost all of them we had to write it with our lab partner), also we had one presentation to prepare individually. At the Molecular Biotechnology course we had daily task, luckily they were less time-consuming and writing a report. Moreover, we had two presentations to prepare with our lab partners. Sometimes, it seemed like we have too much work to do. It was not much time to travel or participate in some Erasmus events during the courses , but we had a very useful learning experience. We had quite enough time to travel and explore between the courses and afterwards.

One last thing I want to mention, If you are concerned, are you be able to survive without knowing German language, 1 can confirm that It is possible. 1 was staying in Germany about 4 months ahd I didn't have any major issues. Maybe only small ones (usually with the communications at the public transport).

Generally, 1 am very satisfied of my Erasmus experience and I would definitely recommend HHU University in Dusseldorf.

Ich stimme der Veröffentlichung meines Erfahrungsberichtes ohne Nennung meines Namens auf den Internetseiten der Heinrich-Heine-Universität zu.
