The experience of studying abroad was one of the most significant in all my student's career. Since the first day I was followed by competent professors and also friendly and helpful. Being an erasmus student was not difficult, they made me feel like the others german students and the atmosphere was winning and captivating. The first lessons we agreed on the exams and they were always ready to listen to me if I had problems or questions. The campus was well organized, it was easy to find the classrooms and the atmosphere was exactly that of a university full of people from all the world.
